

Cultivating Cannabis

Overview Lesson Homework

- Research your State, County, and City cannabis laws. Be absolutely certain that you are legally allowed to cultivate the type and quantity of cannabis plants you intend to grow.
- Review the additional resources document and learn more about History, Legality and Medicinal Uses of cannabis.
- Find a few of your own resources for cannabis cultivation and usage... there are so many books and websites, videos and audio talks on this subject!
- If you have never used a CBD product, try it yourself and take notes on how it makes you feel!
